Peters Sandwiching Machine
Model PT4-3

APPLICATION
The Peters PT4-3 Servo Driven Sandwiching Machine is a 4-lane machine that is capable of producing cream sandwiches that have 3 biscuit or cracker shells with 2 layers of cream, at speeds up to 3,200 sandwiches per minute.

FEATURES
• Flexible: can produce either 3-high sandwiches (3 shells with 2 layers of same flavor cream) or standard 2-high sandwiches (2 shells with 1 layer of cream)
• Speeds up to 3200 sandwiches per minute (800 per lane x 4)
• Shapes: can handle most basecake shapes, including round, square, or rectangle including a wide variety of specialty shapes
• Standard product size range of 40 mm – 70 mm
• Can accommodate larger products of over 70 mm in length (maximum speed may be reduced) or smaller products, 25 mm – 35 mm, as an option
• Accurate cream deposits with positive displacement cream pumps and proven rotary stencil system
Peters Sandwiching Machine
Model PT4-3

Features

• Wide variety of fillings can be used including creams, peanut butter, cheese and jam

• Servo drive is positioned along the non-operator side of the machine and provides drive for the machine, stencil assemblies and attachments. This provides for uncomplicated maintenance access and a sanitary fall-through design. All drives are servo controlled. No mechanical drive train

• Easy to operate: straightforward adjustments for machine speeds, cream volume and basecake sizes

• Portable cream hopper, Model PTH2 70 Gallon (264 liter), provides consistent cream feed with a minimum of cream loading

• PLC for ease of operation including machine set-up, help screens, hopper controls, speed adjustments and alarm detection

• Manual shell loading, connect to automatic shell feeding Peters Vibratory Feeders, model VC, deliver basecakes into magazines of PT4-3. They can be manually loaded or automatically fed, and can be configured to suit virtually any bakery layout

• Sanitary design with stainless steel and anodized aluminum construction – no painted surfaces are in the product zone
